PROFILE

Detail-oriented and adaptable IT professional with a Bachelor's degree in Computer Science and hands-on experience in software development, networking, and technical support. Skilled in building full-stack web applications, geospatial dashboards, and systems-level software using JavaScript, Python, PHP, and C. Passionate about writing clean, maintainable code and delivering user-centered solutions. Eager to contribute technical expertise and problem-solving skills to an innovative organization.

SKILLS

Category	Skills
Programming Languages	Python, JavaScript, PHP, C, SQL
Web Technologies	Vue.js, Vuetify, HTML5, CSS3, REST APIs
Databases	MySQL, PostgreSQL, PostGIS
Version Control	Git, GitLab, GitHub
Operating Systems	Linux (Ubuntu), Windows
Other	Debugging, Troubleshooting, Technical Documentation, Agile

EXPERIENCE

Network Engineer Volunteer

Defend Technologies | Syokimau, Kenya | *June 2024 – October 2024*

- Installed, configured, and maintained CCTV cameras and network video recorders.
- Performed cable routing and system configuration to ensure stable operation.
- Collaborated with team members to troubleshoot technical issues and ensure system reliability.

IT Support Attached

Kenya Meat Commission | Athi River, Kenya | *February 2022 – May 2022*

- Configured SOHO networks, firewalls, antivirus solutions, and VoIP phone systems.
- Provided hands-on technical support and troubleshooting to maintain secure connectivity.
- Installed operating systems and networking devices.

PROJECTS

Map Dashboard | *Vue.js, Vuetify, REST APIs, PostGIS*

<https://henrysaya.netlify.app/>

- Developed an interactive geospatial data visualization tool with dynamic maps, filters, and tooltips.
- Integrated external APIs with a PostgreSQL/PostGIS backend for data processing and display.
- Built responsive, user-friendly interfaces optimized for diverse users.

Courier Management System | *PHP, MySQL, HTML, CSS*

- Designed and built a full-stack web application to track and manage delivery logistics.
- Created database schemas and implemented CRUD functionality.
- Ensured data integrity and intuitive user interfaces.

Super Simple Shell | *C Programming*

- Developed a shell application that parses user input and executes system commands.

Print Project | *C Programming*

- Recreated the C language printf function handling multiple format specifiers in a team-based environment.
-

EDUCATION

Bachelor of Science in Computer Science

Chuka University | *Graduated November 2023*

CERTIFICATIONS

- **All-in-Africa Open-Source Development Program** | *November 2023 – February 2024*
 - **Prompt Engineering Certification** | *July 2023*
 - **Frontend Developer, Program Earth Open-Source Program** | *Contributor, Program Earth USA*
-
